

• PARTNERSHIP PROPOSAL · VOLUME III OF V

Co-marketing into the **Indian-American** physician network.

Indian-Americans own a disproportionate share of US independent medical practices — especially in primary care, internal medicine, and cardiology. Many of them used Leverage Edu to send their kids abroad. Many of them know your brand. **Halcyon, recommended by Leverage Edu**, is the highest-converting cold message that's ever landed in their inbox.

THE INSIGHT

The two communities you already reach overlap with our entire buyer base.

Indian-American physicians are the single largest immigrant medical professional group in the United States — **~125,000 strong**, with AAPI (American Association of Physicians of Indian Origin) as the largest ethnic medical society in the country. They overwhelmingly own and run independent practices, especially in primary care, internal medicine, cardiology, and gastroenterology.

They have one thing in common with your direct customer base: many of them are first-generation Indian immigrants, with kids in the Leverage Edu funnel today, or who used Leverage themselves a decade ago. **The brand is already trusted in their household.**

That trust is the strongest asset in cold outreach. A "Halcyon, partnered with Leverage Edu" message lands in a way that no cold call from us ever could. We've tested the converse — cold outreach into Indian-American practice owners closes at 4–6%. The same message with a trusted partner brand attached should clear 18%+.

CHANNEL · 01

AAPI conference + chapter mailers

~50 AAPI chapter events per year. Halcyon co-sponsors three; Leverage gets brand presence to 100K+ physician household subscribers. We split costs.

CHANNEL · 02

Joint webinar series

Quarterly joint webinar to Leverage Edu's parent-of-medical-student segment: "Running a US practice in 2026 — what your kids should know." High-engagement, soft sell.

CHANNEL · 03

Co-branded landing page

A halcyon.leverageedu.com page targeting Indian-American practice owners. Whitepaper, case studies, "vetted by Leverage Edu" badge. Always-on top-of-funnel.

A BRAND WORTH CO-SIGNING

Halcyon is built for the practices you'd actually want to refer.

Co-marketing only works if the partner is one Leverage Edu would be proud to introduce to its community. Halcyon is a registered LLP, fully HIPAA + HITECH compliant, with a lawyer-reviewed MSA, an audit trail every PHI touch is recorded in, and direct founder access for every client.

TRUST SIGNAL • 01

Real-time portal

Practices see every claim, payment, and denial as it happens. We don't hide behind quarterly reports — the portal is the product.

TRUST SIGNAL • 02

No outsourcing offshore PHI

Halcyon's billing specialists operate inside our HIPAA-bonded LLP. PHI is field-encrypted; access is logged in an append-only audit trail.

TRUST SIGNAL • 03

Founder-led, not call-center-led

Every demo, contract, and escalation is handled by the founding team. Practices keep our direct lines.

12-MONTH PLAN

Quarterly milestones. Measurable outcomes.

We don't believe in vague "co-marketing partnerships." Below is the concrete 12-month plan we'd execute together, with clear ownership, costs, and KPIs at each stage. Halcyon co-funds.

QUARTER	ACTIVITY	OWNERSHIP	HALCYON COST-SHARE	TARGET KPI
Q3 2026	Co-branded landing page + UTM-tracked email blast to Leverage's Indian-American physician parent segment	Halcyon builds, Leverage promotes	100% creative	250 qualified leads
Q4 2026	Webinar #1 — "Running a US practice in 2026"	Joint hosted	\$8,000	500 registrants, 100 attendees
Q1 2027	AAPJ national conference co-sponsorship	Joint booth	\$25,000	50 in-person demo bookings
Q2 2027	Quarterly newsletter feature in Leverage's Indian-American segment	Leverage sends	\$5,000 / qtr	15 closed practices / qtr

Year 1 Halcyon co-marketing budget: \$58,000 hard spend + 100% of creative production. **Year 1 Leverage Edu net commission revenue:** projected \$175,500 on 20 closed practices, scaling to \$312,000 in steady-state Year 2 with no additional marketing spend.

NET ECONOMICS

Co-marketing returns, after Halcyon's spend.

YEAR	MARKETING HALCYON SPENDS	CLOSED PRACTICES	LEVERAGE NET COMMISSION	CUMULATIVE ARR (LEVERAGE)
Year 1 (build + launch)	\$58,000	20 practices	\$175,500	\$156,000 ARR
Year 2 (steady-state)	\$30,000	+30 new practices	\$556,500	\$390,000 ARR
Year 3 (scaled)	\$30,000	+50 new practices	\$1.08M	\$780,000 ARR
3-Year Cumulative	\$118,000	100 practices	\$1.81M total	\$780K+ ARR

Assumptions: Average 25% close rate on warm Leverage-co-branded outreach (vs 4–6% for cold) · \$130K avg practice collections · 5% Halcyon billing rate · 35% Year-1 channel commission, 10% recurring after · 95% 3-year retention · Halcyon absorbs 100% of marketing spend; Leverage Edu's only cost is opt-in to send the blasts and host the joint webinars. Net commission flows to Leverage Edu's books as recurring B2B revenue with no marginal cost — the highest-margin line in the IPO narrative.

WHAT WE'RE ASKING

A 25-min call with marketing + partnerships.

We'd like Leverage's CMO and Head of Partnerships on the same call. Halcyon brings the campaign creative, the budget allocation, and the technical integration spec. We can have the co-branded landing page and the first email blast live within three weeks of agreement.

STEP · 01

25-minute joint scoping

Walk through the 12-month plan, audience segmentation, and creative direction. Leverage flags any segments out of scope. We refine.

STEP · 02

Q3 launch sprint

Co-branded landing page goes live; first targeted email blast hits the Indian-American physician parent segment. KPIs measured weekly.

STEP · 03

Quarterly review & expand

Each quarter, review CAC, conversion, and revenue impact. If KPIs hold, expand to additional segments and the AAPI conference. Sunset if they don't.

REPLY WITH AVAILABILITY BEFORE 27 MAY 2026 · RUSHAN@HALCYONMEDBILLING.COM

COUNTERPARTS ON THE CALL

A founding team that signs the cheque too.

CEO & CTO

Naitik Joshi

Founder. Architects all client-facing technology. Leads the demo and co-marketing creative direction personally.

COO · OPERATIONS

Ankit Chauhan

Owns billing operations, client onboarding, and the specialist team. Will personally onboard every diaspora-channel signed practice.

CFO · FINANCE & PARTNERSHIPS

Rushan Khan · **SENDER**

Owns the co-marketing budget, commission disbursements, and the Referral + Co-Marketing Agreement. Direct counterpart to Leverage's CMO and Partnerships team.

BRAND SAFETY

- Registered LLP — fully insured, audited, in good standing
- HIPAA + HITECH compliant; lawyer-reviewed contracts
- All co-branded creative subject to Leverage Edu's brand approval
- Termination clause: either party can sunset within 30 days, no penalty
- Quarterly attestation reports on lead source and conversion
